## A Note from John Labram

I would like to express my sincere thanks for your prayers, gifts, medical equipment, phone calls, visits and concern in my journey through the medical system as I recover from cancer. Chemotherapy was completed in November. I now commence radiation treatment at Grand River Regional Cancer Centre during the month of January. It is anticipated the radiation treatment, on an outpatient basis, will be complete by the end of January. I have put a 'Thank You' poster on the bulletin board, which was created at M & T Printing, Waterloo. I am in the hands of doctors and in the hands of God. I cannot be in better hands.

– John Labram

## Missions and Prayer

### Ebola Crisis

Please pray for the victims of the Ebola crisis in the Democratic Republic of Congo (DRC). Since the outbreak in DRC began in August 2018, there have been 608 cases and 368 deaths in North Kivu and Ituri provinces. CBM has ongoing projects in this region, through our church partner, the Baptist Church in Central Africa (CBCA). CBCA has been equipping churches, schools and other public places with hygiene kits. They have also led awareness campaigns within local communities to prevent the virus from spreading. Due to the instability of the region and its proximity to borders, health officials say the virus has been difficult to contain. Please pray for stability in the region and the security of the health facilities. Pray also for affected populations to trust the response efforts and work with the responders to contain the outbreak. Pray for the responders who are working tirelessly to end the crisis.

### Winter in Lebanon

CBM partner, Lebanese Society for Educational & Social Development (LSESD), is requesting prayer for the long, harsh winter ahead. Winters are hard in the Middle East, especially for refugee families living in tents or very precarious accommodation. They are constantly exposed to the elements and are susceptible to illness. With little funds to afford medical bills, getting something like pneumonia can be fatal.

Please pray for:

- The vulnerable families they are helping, that the items they

receive will help keep parents, children and babies warm and well this winter

- Those they are supporting will feel encouraged and have renewed hope for the future, despite the challenges they face
- The work of our partners, that it will also bear fruit within the churches themselves

### Foodgrains Bank

Please pray for the Canadian Foodgrains Bank as they provide leadership and participate in next month's International Development Week (February 3-9) in Ottawa. As CBM is a member of the Foodgrains Bank, we will also be an active participant at the event. The Foodgrains Bank is a partnership of 15 churches and church agencies working together to end global hunger. Last year, they provided \$37 million of assistance for over 800,000 people in 34 countries. Please pray for wisdom and guidance for the Foodgrains Bank leadership as they plan and prepare for #IDW2019. Pray also for CBM's ongoing food programs funded through the Foodgrains Bank that help the hungry. Give thanks for the abundance of food assistance CBM has been able to provide.
